

Khadija Aslam

Khadija was our miracle baby, she came into our lives. Not only did she touch our hearts, but she touched everybody's hearts whom came in contact with her. So I wanted her memory to live on, and for people to never forget her. I wanted other babies with the same condition to benefit from this charity and make people aware of conditions like this.

She was born on the 10th may 2011 and passed on, on the 8th of November 2011 with a condition known as Trifunctional Protein Disorder.
